Mike – thank you to you and Karen for your quick work on this. Wanted to follow up regarding record retention – EPA will maintain the drafts we received from Tetra Tech as part our litigation record retention requirements, but thank you for making it clear this is an early draft in your process.

Thanks again,

Kristen Nazar

Tonya and Kristen:

Attached you will find our working version of the Word file with Erin's comments and our responses embedded. As I mentioned, the Word document hasn't gone through QC so please keep it internally and then discard later. Some costs could change from the results shown, depending upon how we resolve the questions. I'm also attaching the previous PDF version of the report, which is usual for looking at the figures.

Thanks. Have a nice weekend,

-Mike
